

THIRTY-SIXTH YEAR

LIMA, OHIO, SATURDAY, NOVEMBER 12, 1921

PRICE THREE CENTS

U. S. DEMANDS NAVY
HALT AT PARLEY

WASHINGTON—(By Associated Press)—America's concrete

proposal for limitation of naval armaments—the crux of the arms conference, was presented today by Secretary Hughes at the very opening of the first session. Briefly it is as follows:

"1.—That all capital ships building program, either actual or projected, should be abandoned.

"2.—That further reduction should be made thru the scrapping of certain of the older ships

"3.—That in general, regard should be had to the existing naval strength of the powers concerned

"4.—That the capital ship tonnage should be used as the measurements of strength for navies and a proportionate allow-

ance of auxiliary combatant craft, prescribed."

For the United States, the program would scrap all capital ships under construction, fifteen in number, and fifteen of the older battleships. Great Britain would stop construction on her four new ships of the Hood type and scrap all her second and first line battleships up to the King George V class.

As a replacement program, the American government proposed that no more ships be laid down for the next ten years and that a maximum replacement tonnage figure be fixed providing eventually for 500,000 tons for the United States, 500,000 tons for Great Britain and 300,000 tons for Japan.

Japan would abandon plans for two battleships and four battle cruisers not yet laid down and in addition would scrap three capital ships and four battle cruisers in process of construction and all ten of the pre-dreadnoughts and battleships of the second line.

A proviso also would be included permitting replacement of capital ships when they were twenty years old and prohibiting construction of any ship built in replacement with a tonnage of more than 35,000 tons.

ARMISTICE DAY SNOW
STORM BRINGS THREE
REPORTS OF STEALING

Friday's snow storm proved an ill for at least two residents of Lima, who reported to police their overcoats were stolen.

I. J. Motter, realtor, with offices in the Faurot block, was watching the parade from a window in the front of the building. During his absence, someone entered his office and appropriated his overcoat, recently purchased.

William Turner, 750 Holly-st., reported his son's coat was taken at a Y. W. C. A. dance in Morris Arcade. Mrs. R. G. Fisher, resident of the Phoenix-apt. in E. High-st., placed her laundry in the hall for the collector. It was purloined by someone else.

PARADE HELD IN
OLE'S HONOR

YOUNGSTOWN—(By Associated Press)—George L. Oles, Youngstown's mayor-elect on a platform of cleaning up the street cars and dismissing the police, is on his way to Miami, Florida today, with his wife and two small daughters, and the city is settling down after his spectacular campaign and the upheaval which followed its biggest political upset.

An automobile parade which escorted Oles to the depot last night took 15 minutes to pass a given point and a brass band added to a vociferous farewell. Oles said he would be back to take office January 1, and begin to "clean up the city."

ENVOYS MEET TO
REMOVE CAUSE
OF WORLD WAR

WASHINGTON—(By Associated Press)—Fresh with memories of the soldier dead, the conference on the limitation of armaments met in its first session today to seek "the rule under which reason and righteousness shall prevail."

NOTABLES GATHER
In the memorial hall of the daughters of the American Revolution, the statesmen and diplomats of five great powers and the representatives of four more, gathered about the table to organize the way thru which they hope to remove causes which might lead to war and then as a consequence remove the economic burden and waste the world suffers in preparation.

Also the opening hour of the first session was set for 10.30 o'clock, the notables began arriving

soon after ten to hear the opening address of President Harding and to form their permanent organization with Secretary Hughes as president of the conference. The galleries allotted to the representatives of official and diplomatic life the world over contained many notable figures of present day history.

SCENE OF CONFERENCE
The meeting hall was a picture full of color as the delegations and spectators began to gather. In the center of the big room was the conference table shaped as a square U, its top covered with bright green baize. A gray desk blotter with a tray of pens and an ink well lay before the chairman's place, for each delegation. The American delegation had chairs across the west end with the French on their right and the British on their left. To the right of the French were the places

allotted to the Japanese while the Italians had a corresponding position directly across.

At the foot of the table and at the smaller ones were the Portuguese, Belgians, Dutch and Chinese. Advisors had chairs of gold and velvet directly back of their delegations. Behind the American section were draped the flags of the nine nations.

Secretary Hughes sat in the center of the tables and with a white slab of marble and a small gavel in front of him. At his right in order were Senator Lodge, Elihu Root and Senator Underwood. On the secretary's left was Lord Balfour, head of the British. Ten-thirty, the official hour of opening the conference passed with some of the delegations still absent. Mr. Hughes watched the clock and the confusion around the doorway.

CHRISTIAN ARMY TO
OPEN HEADQUARTERS

The Christian Army will open its new hall, 133 E. Wayne-st., Sunday. Services will be held at 7.30 p. m. by the Rev. Mr. Miller.

The army is arranging for a Thanksgiving dinner, for the poor of the city. Clothing and shoes are also sought for distribution. Adjutant K. J. Snyder is the officer in charge.

NAMED JUSTICE OF PEACE
WAPAKONETA—Trustees of Wapakoneta have appointed John C. Fisher as Justice of the Peace to fill the unexpired term created by the resignation of William Linder. Fisher was elected as Justice Tuesday.

SCHOOL HEAD
GOING AFTER
THE SLACKER

COLUMBUS—(By Associated Press)—There are "slacker school districts" in the state, places where a school hasn't been opened this year, and where it was conducted very little last year. It was declared today by Vernon M. Riegel, state director of education.

Riegel doesn't know exactly where the districts are located; there are some, he believes, in Gallia, Meigs and Pike-co., but he's going to find out.

"I'm going down into those districts myself," Riegel declared, and "I'm going to see that schools are opened. I'm going to see that all lost time is made up if they have to run the schools half way thru the summer months."

The "slacker" schools are in the "poor" counties, according to Riegel, counties that nearly always have to have state aid in running the schools.

Due to construction of the state aid law, school districts, in order to benefit must pass an extra tax levy. Many districts, Riegel said, have not done this, and are offering the excuse that there is not enough money to run the schools.

Davis Car Causes Sensation When New 1922 Models Make Appearance;
Longworth-Bussert Sales Company Has Agency For Lima DistrictTHIS WONDER CAR OF ALL NEW MAKES
IS IN POPULAR DEMAND EVERYWHERE

Sales Company Service Station
and Garage Now Located
402 S. Elizabeth-st

Years ago, when Lima was not as far famed as now, there was one special thing that attracted people to Lima—the old tannery. It was a landmark and a point from which to gauge distances.

But with the coming of modern leather production, the old tannery passed off the stage of action. It was conducted on a spot at Water and Elizabeth-sts., by Schulties Brothers. Charles Schulties, one of the brothers still maintains an office near

From that old tannery building has now sprung one of Lima's most progressive and thriving business concerns—the Longworth-Bussert Motor Sales company, 402 S. Elizabeth-st. which now occupies the site. This company has the distribution in Allen, Anglin and Putnam counties to the sale of the Davis-Motor Cars, manufactured by the George W. Davis Motor Car company, Richmond Ind.

Besides a completely equipped garage and service station is maintained with automobile supplies and accessories. Another feature is the storage department, thoroughly steam heated, where many cars are stored. There is still room for a few more cars. Storage rates are \$5 per month.

The firm is composed of Harry B. Longworth and Harmon T. Bussert. Their display rooms and garage is located at the northwest corner of Water and Elizabeth-sts.

Longworth was formerly owner of the Service garage, 410-412 S. Elizabeth-st. He has been established there since three years ago. His expert knowledge in the garage business has been utilized in making

the Longworth-Bussert service department the most efficient in Lima. Bussert was for ten years photographer at Main and North-sts. But he recently sold all of his holdings in the photograph business and will devote his entire time and attention to the interests of the motor sales department.

"I am out of the photograph business entirely," Bussert said, "and expect to devote the same personal attention and give our patrons the same kind of service, in the motor sales and service line that I afforded my patrons when I was in the photograph business."

Bussert is in charge of the sales department and Longworth handles the service end of the business. However, each is in position to handle either department and patrons are assured of the same courteous treatment and attention from both.

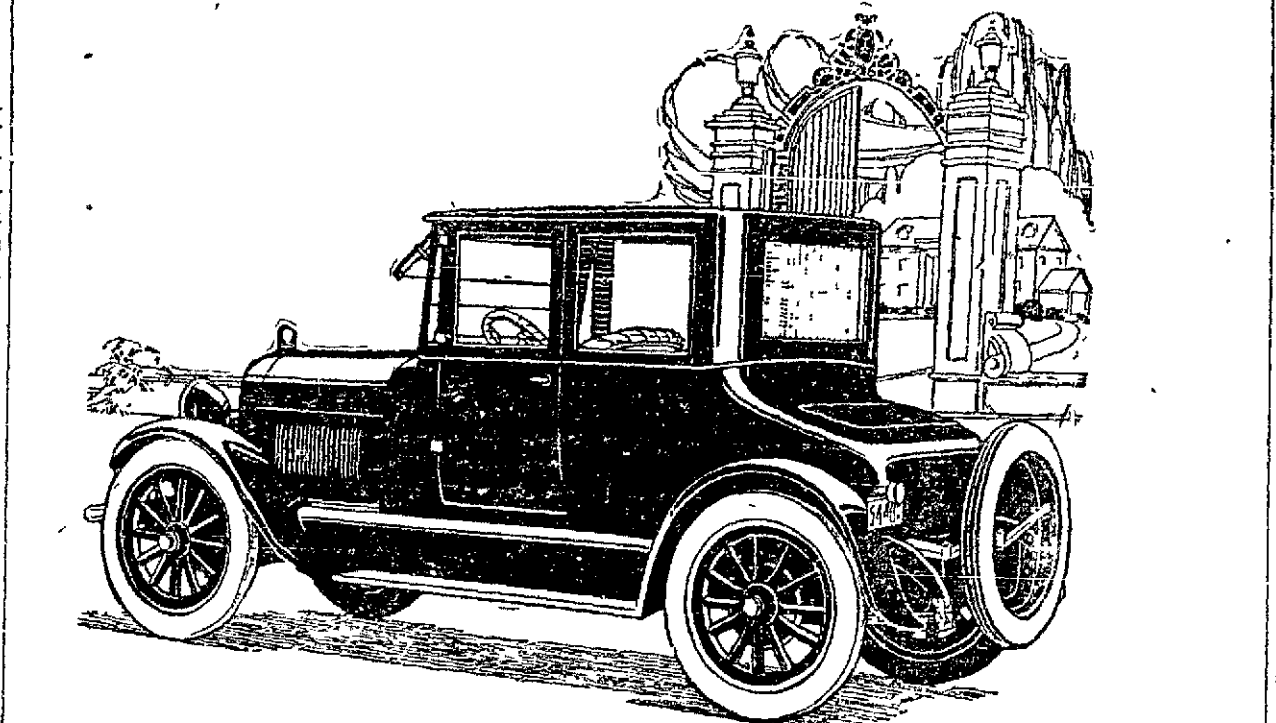

The garage is equipped for all general repair work. Not alone is the Davis car considered, the firm is prepared to give it every attention, but every make of car fares as well in the hands of the Longworth-Bussert company as does the Davis, when it is placed in their garage and service room.

General repair work of all kinds is done well. No repairs are considered too intricate to come out in splendid condition. W. H. Russell, who has served in garage and service rooms in Lima and different cities, is in charge of the work, which at once guarantees perfect satisfaction and the finest workmanlike job which can be found anywhere in the country.

Russell was formerly motor mechanic for the Garford Motor Truck company. He is acknowledged everywhere to be an expert mechanic. Whether patrons of the Longworth-Bussert company have tire trouble or motor trouble, a telephone call to Main 6023 will bring the service car, which is ready to answer all calls promptly. "We do our best to please our customers and our guarantee is back of every job we turn out. Once that people have known our service and the advantages to be gained by calling on service car, they seldom take a chance on any other," Longworth said.

Used cars taken in on new Davis models are thoroughly overhauled before being disposed of in the garage of the Longworth-Bussert Sales company. "We are particular about

THE FAMOUS DAVIS COUPE

This is the lowest priced high grade coupe on the market today. It rides, looks and performs the part that would be expected of a coupe costing twice as much. Like the Davis Sedan and all other Davis models, it is sturdily built as well as luxurious and comfortable.

cars being taken in exchange on Davis cars," Longworth said. "In fact we recommend them after being overhauled, to our customers who wish to purchase that class of car."

Plenty of floor space is afforded the company for carrying on their business. The 5,200 square feet of floor space gives ample room for displaying the fine, new Davis cars which the company sells. But few people pass the building, with its large windows, extending to the floor, without stopping to say complimentary remarks about the handsome Davis car which stands across the east side window.

The filling station of the company is located in the front of the building, easy of access at all times. Only the best gasoline, oil and alcohol are sold. "We chose Charm Hi Test gasoline because it is the best," said J. Longworth.

THE NEW LOCATION
The sales room and service department of the Longworth-Bussert company is located on a newly paved street. With the completion of the Elizabeth-st. bridge, with its fine illumination, and with the locating of other progressive business houses in that part of the city, the section is now as well lighted as any part of the city. The highway south over the bridge is a favorite route for motorists who desire a smooth pavement to South Lima. Tourists invariably take their supplies at this

garage before proceeding on their journey south, east or west.

FACTS ABOUT THE DAVIS
The Davis is a medium priced car. The touring car sells for \$1,695. Special sport models of the Davis retail for \$1,895 and the closed car is sold for \$2,595.

"The Davis car is equipped with pumps in the front and rear," Harmon Bussert, of the sales department said. It has luggage bars which fasten over the rear of the automobile body and to which a trunk fastener can be easily attached. The bars also serve as a great protection to the car, and gives the car a classy appearance.

"Every Davis car is equipped with Gabriel snubbers. They are so adjusted that it almost makes impossible the breaking of a spring, as they lighten the jar and make riding easy and most delightful.

"The Davis car is equipped with the best-known standard units. It is finished with 11 coats of paint and has an air of quiet dignity, simplicity and elegance which gives it the style and quality of cars costing many hundreds of dollars more.

"Women are fond of owning a Davis car. They are proud of it in any company. Especially the closed cars. "Another feature of the Davis car is that the top and curtains are manufactured for that individual car. No awkward tops nor ill-fitting curtains are ever found on a Davis. They are

made of the best material obtainable. Curtains open with door and are made to fit each car almost like a winter top. Upholstering is of the best, genuine leather being used on the open models and the best broadcloth on the closed models," Bussert stated.

The boys at any time, will be glad to talk over with prospective purchasers the merits of the Davis car and show how it is superior to cars selling even higher. The place of business is open evenings and also on Sunday.

Mr. Bussert tells how he came to enter the automobile business. "In the work of photography, I did a lot of automobile commercial work. I became interested in automobiles, the mechanism, parts and the different cars, and so decided to take up the business. The many years I spent in the photograph business in Lima and towns adjacent to this city previous to entering the business for myself at Main and North-sts., in which I was most successful, have caused me to inject into this business the same quality in keeping with the reputation gained for my photographic work," Bussert said. "I feel we have the agency for the best car on the market today for the money and I am fearless in backing it to the limit."

Mr. Longworth said, "We have the opportunity to secure the agency for other makes of cars since op-

ening the business, but we have found they were not to compare with the Davis. So we contracted for the sale of the Davis exclusively."

There are five models of the car now being built. They are the three open and two closed models. Cars are built for three, four and five passengers.

THE DAVIS TOURING CAR
The Davis touring car—the one in which people are interested more than any other—is a standard motor car type, yet it is a touring car that is distinctively different. It is a car of unusual beauty, extraordinary ability to perform and of delightful riding comfort.

Into the making of this car has gone the finest materials obtainable, together with workmanship and engineering of the very highest order. No car offers more for the money in sheer dollar for dollar value than this fine car at a medium price.

It has black chassis, fenders, wheels and radiator. Midnight blue or Beaver brown body and motor hood is optional. It is equipped with specially selected black, long-grained leather upholstery over webbed curled hair pads and double-decked oil tempered springs.

Equipment includes four U. S. Royal cord tires, tilting steering wheel, bumper, front and rear, motor-meter, with winged radiator cap, and Duplex headlights. It sells for \$1,695.

THE DAVIS SPORT
The Fleetaway, a beautiful and distinctive 4-passenger sport model, is powerful and swift. It is a car for the young and those who are youthful in spirit. It is a car for the keen and the alert. It is like them—vigorous, strong and tireless.

The Fleetaway has the style, finish, performance and character that is built into it by the maker. Yet its price is less than any comparable car.

The body and optional colors Royal blue, deep maroon or heaver brown with black radiator and individual heavy-crowned steel fenders. It has aluminum military stens and has the finest brown hand-buffed Spanish leather upholstery. The finest quality thruout. It has DuPont or wood wheels bumpers motor-meter winged radiator cap, four U. S. Royal cord tires tilting steering wheel, "open with the door" curtains and Duplex headlights—a complete car in every detail. The Fleetaway sells for \$1,895.

THE DAVIS ROADSTER
The Man O' War is known as the most beautiful roadster in America. It is low, gracefully proportioned, superbly finished. It has either royal blue, heaver brown or dark maroon body, motor hood and DuPont or wood wheels, black radiator fenders and chassis. It is identical in equipment with the Fleetaway model. It sells for \$1,895.

THE DAVIS COUPE
The coupe is a four passenger model of harmonious lines and has all the characteristics of the Davis car in the other models. There is room

for four passengers to ride in the utmost comfort.

No other car at its price or near offers so much as this big, powerful, luxurious, beautiful car. It has the midnight blue body and motor hood, black top, fenders, chassis and wheels. It is upholstered in the finest broadcloth in harmonious colors. It is equipped with the finest possible appointments and interior fittings. The interior heater is of standard equipment. It is truly a woman's car and sells at \$2,595.

THE DAVIS SEDAN
The Davis sedan is one of unusual beauty and luxury and retails for the same price as does the coupe—that of \$2,595.

It is a dignified and luxurious coach in which the skill of the engineer and the art of the coachmaker have combined to produce the ultimate of enclosed car luxury, beauty, comfort and utility. The Davis sedan is the last word in the construction of this appreciated closed-car type.

It is sturdy and of enduring construction and in its unusual beauty, holds its place with the finest products of the industry.

The body is of rich midnight blue, with black top, fenders, chassis and wheels. It is upholstered in rich broadcloth in subdued, pleasing tones. The interior fittings and appointments show the most discriminating care and attention to detail. The interior heater is of standard equipment.

The Longworth-Bussert company calls attention to the popularity of the Davis car in the fact that when the International Arms conference begins its deliberations at Washington, the Chinese delegation will be there on time driving a fleet of ten bright new Davis sedans. This deal was closed by Mrs. Irene, wife of the Washington distributor, in competition with several other large concerns handling more expensive cars.

Washington is a city of magnificent distances. From one embassy to another, from the Pan-American building to the capitol, from the state department back to the embassy—the delegation from the Orient will be whisked, swiftly and in the dignified state befitting their rank—in Davis sedans. A fleet of these cars, sold in Allen-co. the past year or so, traverse streets of Lima every day.

The Longworth-Bussert Motor Sales company will be glad to discuss sales matters of this fine car with all persons interested. If at any time anything is needed in the service department, motor car owners are invited to bring their machines to this garage and service department for repairs or adjustment. Motorists are also invited to make their purchases of supplies here, where the treatment accorded is courteous and where there are motor experts who know how to do good work quickly.

"Service and satisfaction with sales" is the motto of the Longworth-Bussert Motor Sales company.

WALKOUT OF 50,000 IS SET FOR MONDAY

NEW YORK — (By Associated Press)—Hope of averting the garment strike involving more than 50,000 workers set for next Monday was revived today with a meeting between Secretary of Labor Davis and a committee of employers scheduled at Washington and a display of conciliation on the part of the workers made to United States senators striving to prevent the strike.

Louis Lustig, secretary of the Cloak, Suit and Skirt Manufacturers' Association, announced last night that a committee representing the association would confer today at Washington with Secretary of Labor Davis on working conditions in the garment trade. The committee was appointed at the suggestion of Secretary Davis, he said.

LOCATE MISSING GIRL BRIDE

Mrs. Tony Randazzo Believed to Be in Philadelphia

Mrs. Ruth Randazzo, who has been missing since October 20, when she is alleged to have eloped with a lodger who roomed at her home, 1173 S. Main-st., is reported to be in Philadelphia.

Information was received Saturday by Tony Randazzo, the deserted husband, from Italians at Fort Wayne, Ind., which stated the girl was living in the east.

Ruth, just 17, left Lima October 20, by taxicab. At Elida she boarded an interurban car bound for Fort Wayne. She is believed to have joined a young Italian there, who had been rooming at her home. She was a bride of five months and was employed at a cigar factory. She took \$100 belonging to her husband, he told the police.

Randazzo has been searching for both bride and money, but has been unsuccessful in finding either.

LIST UNEMPLOYED

Registration Places to be Opened at Fire Stations

Registration places at the city's five fire stations will be opened Monday morning for tabulation of the unemployed. Fire Chief Mack announced Saturday.

Men now unemployed may register at the fire stations, giving their age and occupation, now well suited and other information of interest that may be used in helping them obtain jobs, Mack said.

There is no obligation attached to the registration, men idle at present merely being asked to register in order that a more accurate tabulation of the unemployment situation may be arrived at by those hiring men.

One member of the city fire department at each station will be delegated to take the registration as men call for that purpose.

WIDOW AND CHILDREN SHARE BOTKIN ESTATE

Joseph Botkin, deceased, late of Lima, under the terms of his will, probated in court Saturday, gave all his property to his widow, Mrs. Lulu Botkin, and his children, Mrs. Cindarella Lyle, Mrs. Gladys LaRue and Miss Lyla Botkin, share and share alike.

Mrs. Botkin is to have choice of household goods and kitchen furniture sufficient to establish a home for herself and daughter until the daughter becomes of age.

Mrs. Botkin was appointed executrix and she may dispose of the property as she sees fit, the document says.

WEATHERMAN IN KINDLIER MOOD

ANKIND for the most part of the way doesn't care so much about the coming of cold weather, so long as it isn't accompanied by rain or a wet snow, with overhanging clouds and generally gloomy conditions.

The weatherman as not in a kindly mood on Armistice day, but Saturday changed his ideas somewhat as to the sort of conditions he people generally would prefer.

Bright sunshine, with a promise of fair tonight and sunny, also colder in the east portion tonight, is a very acceptable outlook for the immediate future. But a thaw is anticipated on Sunday. In fact, the forecast calls for it, but that doesn't prove it's coming. Not altogether.

CONTEMPT IS CHARGED IN MILK STRIKE

CLEVELAND — (By Associated Press)—Citizens for contempt of court for violation of an injunction restraining striking milk drivers from violence and interference with delivery of milk by the Telling Belle Vernon Company, were to be sought by attorneys for the company today. It was learned this morning.

Stickers offering a reward of \$5,000 for information leading to the identity of persons putting poison in milk and purporting to be signed by the Telling-Belle-Vernon Company, were plastered over walls and posts on the West Side last night. Company officials announced they did not authorize the printing or distribution of the stickers and branded it as an attempt to intimidate their customers and keep them from buying and using their milk.

BOOZING, FIGHTING, FLIRTING CHARGED

Armistice Day celebration three years ago was a liquid affair.

Friday's celebration was also wet, externally. Nevertheless, Paul School, 33, of 135 1/2 S. Main-st., and Ralph Fisher, 32, Cadillac Hotel, determined to enjoy the day in the good old fashion. It is charged.

Extract of ginger formed the basis for a spree that culminated in the city jail police say. Both men were arrested by Detectives Glover and Landfair, accused of intoxication, fighting and flirting with women they met.

They are booked for a hearing Monday.

STONER FUNERAL SUNDAY

Funeral services for Mrs. Jacob Stoner, Beaverdam who died at City hospital, Thursday night, will be held Sunday at 11 a. m. at Rockport Presbyterian church. The Rev. Mr. Cobb will officiate. Interment will be in Rockport cemetery.

ORGANIZE STONE COMPANY

WAPAKONETA — The Anglaise Stone Co. has been incorporated here with capital stock of \$25,000. Land north of Buckland along the Anglaise river has been leased. Incorporators are Jerry Campbell, L. F. Stout, F. P. Connaughton, H. S. Vanbel and L. M. Stout.

TO CHRISTEN HIGHWAY

WAPAKONETA—At the completion of the Bellefontaine-rd improvement from this city to Lakeview next week, local merchants will christen it by making up a huge auto parade and calling on people who reside along it.

INSANITY TO BE PLEA FOR 'BLUEBEARD'

VERSAILLES — (By Associated Press)—An attempt to establish that Henri Landru, the modern "Bluebeard," is insane will be made at his trial now in progress in the Assizes court here. Landru is charged with the murder of eleven persons, ten of them women, whom he is said to have promised to marry. This decision was reached after a conference between Landru and his lawyers last night at which they said they found him in a state of high tension.

"It is my head that is at stake, so I will direct my own case," they quoted him as exclaiming. He was under the delusion, they said, that he was the most famous man on earth, and that the eyes of the whole world were fixed upon him.

'Y. M.' SECRETARY FROM INDIA, ROTARY SPEAKER

Lima Rotarians will hold their regular weekly noon-luncheon meeting in the Norval hotel Monday, November 14.

A. L. Miller, general secretary of the Y. M. C. A., Lahore, India, will be the speaker of the meeting, his subject being announced as "India."

Twenty-five Rotarians have 100 per cent attendance records for the past month and eight have received merit mention for perfect attendance during the last 20 weeks.

'Y. M.' SECRETARY TO PRESENT 4 REELER

S. C. Biddle, industrial secretary of the Y. M. C. A., Lahore, arranged to present the four reel moving picture, "Thomas Jefferson Morgan," the story of a boy, at the Allen-co Children's Home at 6:30 p. m., Wednesday and at the District Tuberculosis hospital at 7:30 the same evening.

The film will be presented Thursday evening at the Lincoln fire department and Friday evening at the South Side fire department, at 7:30 o'clock.

Fire Captain Bert Wilcox is co-operating in the presentation of the picture with Biddle.

This Is the Record of the North American Insurance Company

When you take out insurance ask how long the company has been doing business. The longer in business generally means the stronger the company. The North American Company's record is hard to beat.

President Harding thought it was the best when he chose it for his paper. Secretary of Commerce Hoover also thought likewise.

And so did 92 of the other leading papers of the United States.

Use the coupon and get your Travel Accident Policy now—Don't Delay You may be in an accident tomorrow. Then it will be too late.

Order and Registration Form

To The Lima News,
Lima, Ohio.

Gentlemen—

Hereby enter my subscription to The Lima News for one year, with the understanding that I am to receive a \$1,000 Travel Accident Insurance Policy in the North American Accident Company and that I am to pay no more than the regular price for The Lima News, plus a delivery cost of 75c for the policy. I understand that should I discontinue my subscription to The Lima News before the expiration of this contract, or should I fail to pay my weekly subscription for two consecutive weeks to The Lima News, my \$1,000 policy will lapse.

Old subscribers as well as new may have this insurance. If you are at present a subscriber to The News Lima, please so state. Present subscribers are entitled to all the advantages of the Travel Accident Insurance Plan as well as the new subscribers, but all old and new subscribers must send in this registered form.

If you want the paper by mail enclose money order covering one year paid in advance subscription at the regular mail rate plus 75c to cover cost of securing the policy.

If you are now getting the paper by mail send in enough money to carry your subscription for a year, so your subscription and your policy will expire at the same time.

Send 75c With This Application

OLD AS WELL AS NEW SUBSCRIBERS MAY SECURE THIS POLICY

Any or all members of a family from 16 to 70 years of age may secure this insurance providing they all live at one address and providing one member of this family signs for The Lima News for one year.

ST. ROSE HI LOSES FIRST BASKETBALL GAME TO CELINA

Bob Baker's St. Rose High school basketball quintet lost its first scholastic encounter of the season to the Immaculate Conception Hi of Celina Friday night in the St. Rose auditorium.

The score at the end of the game stood 25 to 24 with the Mercer-co boys in the lead.

St. Rose this year has a strong team. Wells and Daley make a forward combination that would do credit to any high school. Daley was ill Friday and remained in bed until time to come to the game. He is suffering from a severe cold and this, undoubtedly, kept him from playing up to his regular form.

MAY BE A 'RINGER'

Kissen, Celina's star center, is believed to be a "ringer." Baker recognized him as one of Celina's independent players while he was playing with the old White Star aggregation. An investigation is under way and it is found out definitely that Kissen has played professional ball. It is probable that the game will be forfeited should Baker wish to follow up his protest.

Cunningham played a good game at center. He should be able to get off his feet in better shape, but his floor work cannot be criticized.

SCHMESING SUBSTITUTED

Rumiger and Buchanan started as guards but Schmesing was substituted for the latter after a few minutes of play. Schmesing is a half guard and he makes a good running mate for Rumiger.

In summing up the entire team it can safely be said that the Catholic aggregation would give either Central or South Hi a good race for their money should a game be arranged between either school.

The line-ups and summary follow:

St. Rose Immaculate Conception
Wells.....lf.....Hamburger
Daley.....rf.....M. Gast

Oberlin - Miami May Remain In Tie All Year

COLUMBUS—Whether the race for the gridiron championship of the Ohio conference would result in a split of honors between Oberlin and Miami was the question in the minds of followers of the sport in Ohio, as they viewed the probable results of today's games.

With Oberlin facing Case at Cleveland and Miami tying up with Mt. Union at Alliance, there appeared little chance that today's contests would alter the standing of the leaders, each of whom has won five consecutive games.

CASE IS FAVORED

Case, although repeatedly defeated, was regarded as having a slightly better chance than Mt. Union of bringing about a change by defeating Oberlin, but even this was generally regarded as remote.

Of other games to be played today, the Akron-Wooster conflict at Cincinnati, with the Denisonians pitted as the stronger team, but with Cincinnati considered as likely to stage a comeback, after two defeats by conference teams.

Other conference games are: Otterbein vs. Wittenberg at Springfield and Western Reserve vs. Ohio Wesleyan at Delaware.

Ohio University is to play Columbia at New York City.

Scott Hi Meets Johnstown, Pa. Hi Team Today

TOLEDO — The champion high school football team of Johnstown, Pa., will meet the team representing Scott High school here on Saturday November 19, it was announced today by officials of the local school.

Scott was defeated by East Tech., of Cleveland last Saturday, the first time Scott had been scored on this season.

BILLY EVANS TELLS WHY Managers Come And Go But Mack Goes On Forever

BY BILLY EVANS

MANAGING a big league ball club is a precarious job. You must constantly deliver the goods, or fandom starts yelling for your head.

Club owners pay considerable attention to the attitude of the fans, for they pay the freight.

That is why the life of the average major league manager is of short duration. The moment he fails to get results, the club owner starts to look around for his successor.

Connie Mack stands out as the only exception to this rule in the history of major league baseball. Managers come and managers go, but Connie Mack never even thinks of departing. For seven years Mack's clubs have held undisputed possession of last place. Such a record would be enough to cause the ordinary manager to be banished to one of the leagues under the sea.

Connie Mack, however, continues to lead his cellar champs. There is no insistent demand on the part of the Philadelphia fans

for his removal. Seven years of reverses have not dimmed the luster of his managerial record in the least. He is still regarded as one of the wise men of the game. Connie Mack is truly the "mystery man of baseball."

RETAINS PRESTIGE

Mack retains the prestige he won as a maker of championship teams. Stranger yet his tall end teams are popular. It sounds like a wild statement, but the tallenders of 1921 made far more money for Mack than his pennant winners of 1914. That is one reason why Connie continues to smile, and can partake of plenty of food without any fear of indigestion. Sympathy for Mr. Mack is therefore wasted. Connie is perfectly at ease with the world. However, I do know that he yearns to win another pennant.

Connie good naturedly explains his ability to retain his job, despite his lead pipe cinch on last place, by saying:

"I just can't be fired. I hold the controlling interest in the ball club." Getting serious, Mack retains his

prestige and popularity because he knows the pulse of the public. When Philadelphia tired of his champions, he sold the stars of his club. Philly has since been interested in his efforts to rebuild another great team. Several times he has seemed to be on the way to his goal. To my way of thinking, Mack knows more baseball than any other man connected with the game. Mack is the only developer of players in the major leagues. Other managers buy stars; Mack makes them. When the fans tire of his teams, whether they are pennant winners or cellar champs, he gives them new faces. No matter how poorly his club has been playing of late years, Mack always seemed to have some phenom—real or alleged—in reserve.

"If the fans don't like your line-up, change it." That has been Mack's slogan in success and failure, and it seems to work both ways. Of one thing Mack is certain, it gets the money at the gate.

FROM THE CRADLE TO THE GRAVE—THAT'S THE ROUTE THEY TAKE WHEN CONNIE MACK GRABS 'EM

Michigan And Wisconsin Battle Today For First Time Since '05

CHICAGO—Michigan and Wisconsin, the latter undefeated this season, clashed today at Madison for the first time since 1905.

Both teams have been preparing for this game for two weeks and the Wisconsin, with eleven seasoned veterans to go into the game, appears to have the advantage, Michigan was expected to show up stronger than at any time this season.

Iowa expected to add another step to its championship march by defeating Indiana in the game at Iowa City, and Big Ten fans predicted an easy victory for Ohio State over Purdue at Columbus. Ohio State has beaten both Chicago and Michigan.

CHI PLAYS ILLINOIS

Chicago and Illinois were scheduled for a game of great interest to Illinois and the thousands of fans from Chicago were on hand to help out the Maroons. The game was played before a homecoming crowd at Urbana. Chicago was considered the stronger because of its past record, but the Illinois team has shown up exceptionally well in practice.

Chicago's showing was anxiously watched today as the Maroons meet Wisconsin next Saturday, and in the event of Michigan's defeat, Chicago will be the only remaining obstacle in Wisconsin's fight for the championship.

Capacity crowds were reported for each of the four games. The Chicago-Illinois game and the Wisconsin-Michigan games were both sold out and extra large crowds were reported for the other two matches.

Ohio Wesleyan Meets Reserve On Grid Today

DELAWARE—Ohio Wesleyan today plays its last home game of the season when it meets Western Reserve here this afternoon. The game is expected to result in a victory for the Methodists who have shown consistent improvement all season, while the Cleveland eleven has been having one of the most disappointing seasons in its history.

The probable line-up follows: Ohio Wesleyan Pos. Western Reserve Longworth.....l. e.....Gerachi Smith.....l. t.....Jones Ballenger.....c.....Kilgus Jordan.....f. e.....Wahl Thomson.....f. e.....Kuerz Sachse.....q. b.....Gentz Dowler.....r. h.....Davis Winters.....t. b.....Cathart Tanner.....f. b.....

COACH MAKES FEW CHANGES IN LINEUP

COACH HUGO BEZDEK of Penn State is strong for using his original lineup. Bezdek works on the theory that it is not necessary to be continually making changes for the slightest reason.

In the game with Georgia Tech at the Polo Grounds in New York, nine of the eleven players who started in the Penn lineup finished. In the final period of the game with Georgia, Bezdek removed Fullback Knabb to make room for Captain Snell, who had been out of the lineup for some time. McCollum was the only player actually forced to retire because of injuries.

In the games with Georgia Tech, North Carolina, Harvard and Lehigh, Bezdek made only seven substitutions. Thus in four games, the Penn State coach has made less substitutions than most coaches make in a single game.

Wapak To Play South Hi Here; Central Away

The Wapak Hi football team arrived in Lima early Saturday for their game this afternoon with South Hi at South's athletic field. This game will start at 2:30 o'clock prompt.

Eighteen Central Hi players with a crowd of approximately 50 rooters left Lima at 9:30 Saturday for Dayton, where they will play Stivers this afternoon.

Princeton And Yale Play Today In Annual Eastern Grid Classic

NEW YORK—The Bulldog of Yale met the Tiger from Princeton at New Haven today in the second of football's big three clashes of the season and the battle thunder that began with a gathering of the crowds soon after dawn muffled, to an extent, a number of lively gridiron engagements in other parts of the east.

The Princeton eleven was rated highly because of its victory over Harvard, but Yale, undefeated during the season, was ready with its most formidable array and seemed an equal choice.

Ohio State To Battle Purdue Eleven Today

COLUMBUS—Purdue and Ohio State were ready to battle here today on a gridiron made soggy by rains of yesterday and last night. The Buckeyes were generally considered as having the edge, but the Boilermakers were expected to put up a desperate fight to oust the Ohioans from their position as one of the leaders in the Western Conference.

The probable lineup:
Ohio State Pos. Purdue
Myers, (C).....l. e.....Carmen, (C)
Huffman.....l. t.....Spencer
Pitney.....l. g.....Gelger
Young.....c.....Birk
Spiders.....r. t.....Claypool
Slyker.....r. e.....Miller
Workman.....q. b.....Murphy
Stuart.....l. h.....Eversman
Blair.....r. h.....Wagner
Taylor.....f. b.....Meeker

ALWAYS A CHANCE

A HEAVY snowstorm scene is needed in "The Two Orphans," now being filmed by D. W. Griffith. Paper snow was used when this classic melodrama was a ten-twenty-thirty-thriller. But paper snow is no good for the movies.

Making a movie picture is decidedly a business proposition. It requires as much planning ahead as getting ready for an exploring trip to the North Pole.

If snow doesn't fall when needed, where "The Two Orphans" is being filmed, the Griffith organization will be put to great financial loss and inconvenience.

So an insurance policy for \$25,000 is taken out. Griffith gets that sum if it doesn't snow heavily before Nov. 20.

Lloyds, of London, specializes in freak insurance. It will bet on anything, taking either side.

It insures wives against having twins. It insures dogs against mange. One customer asked and got a policy protecting him against accidentally breaking his false teeth.

A Kansas farmer has an orchard of 4000 apple trees. Lloyds protects him with a \$25,000 policy against frost, and a \$50,000 policy against tornado.

A master thief once wanted Lloyds to insure him against arrest. He had figured out that chance of arrest was remote and that he might get a low rate. Lloyds turned him down. Mathematically, an insurance company could figure out the chances of arrest in any given crime, and the rate that should be paid if a policy were written.

These cases of freak insurance policies are based on the mathematical law of probabilities. The gamblers who try to beat the bank at Monte Carlo use this law in working out their systems. So many chances a thing will happen, so many chances against.

The operation of the law of probabilities should comfort those who are in despair.

No matter how hopeless a situation looks, there is always at least one chance of finding a way out.

Over-confident people should keep in mind the reverse of this law—no matter how sure a thing looks, there always are certain chances of failure.

The Great Unexpected frequently happens. Guard against it. Play safe.

CROWDED FIELD

AMERICAN Sugar Refining Co. says there is one wholesale grocer for each 56 retailers, and one retail grocer for each 73 families.

That does not give them a very large field to work in. The middleman rarely gets a kind word, but his bed is not all roses. Close competition is a hard master.

AS YOU LIKE IT

The most remarkable thing occurred in an Ohio town yesterday. An automobile thief pleaded guilty.

Some Lima men who might otherwise be sowing their wild oats, are now busy making corn mash.

Wealth is a burden that is easily dropped.

Every woman wishes she had been made a man until she finds him.

An American just married, says Russia is undergoing a wonderful change. Maybe the barber shops have reopened.

A Lima business man holds that 90 per cent of the women are homebodies. If this observation is confined to this city, we can't agree with him.

The national assembly of the League of Nations adjourned without creating a hiatus in the world's affairs.

It is understood that Pussfoot Johnson intends having his life heavily insured before invading Germany.

Report says a centenarian has a new tooth, but it may be false.

The ship of state isn't as bad as the state of shipping.

A Pittsburger had two wives living in the same house. This house shortage gets the best of men.

They claim a day on the moon is 24 hours long; it is probably the one before payday.

Now that Germany admits she lost the war, let the thing stay lost.

The postcard, delivered after 41 years, shows Hays succeeds where other postmasters failed.

The greatest modern lady killer is Bluebeard Landru.

A rushing business is always headed by a man who does the same.

It often looks like talk is the best policy and honesty is cheap.

The biggest autos don't always stop at the happiest homes.

TUBERCULOSIS

AS a result of 40 clinics being held throughout the state, the health officials of Ohio expect to uncover at least 1,000 cases of incipient tuberculosis.

These examinations are being conducted, or soon will be, in all quarters of the state. One of the first, held at Circleville, revealed a startling condition. Out of 81 persons who presented themselves to the clinic it was found that 81 per cent were infected, to a greater or less degree.

To the layman, this would appear as one of the surest means of wiping out the dread white plague, mankind's greatest scourge and the prolific source of death from disease. Clinics, for the detection of the existence of disease of any character, ought to be encouraged. It has been only in recent years that really serious efforts have been made in this direction.

What has for many years been done for domestic animals, is now being done for mankind. Just as a better type of animals has resulted from painstaking watching, so also will the human race be improved bodily and mentally by the elimination of disease to as great an extent as possible.

Civic organizations in Lima and Allen-co have been doing their part in a big way along this line, anxious for more widespread effort, that has for its ultimate purpose the elimination of all disease. Research work has revealed an amazing situation and it has been determined that only by cooperation, by coordinating effort and by constant vigilance can the desired results be obtained in combating disease.

Physicians and surgeons, with medicine and the knife, with dieting and the planning of correct living for their patients, succeed in re-correcting living for their patients, succeed in re-correcting living for their patients. Clinics help, at least. And anything that helps is worth while.

FORTUNE

THIRTY years ago, four Chinese were prospecting for gold in the Tulameen district, British Columbia, Canada. They had \$48 worth of platinum. Not wanting to be bothered with it, they buried it in a saki bottle under a rock.

Time went on and the platinum was forgotten. Last spring, the four Chinese met in China, got talking about old times, remembered the saki bottle. Apparently not being any too sure of each other's honesty all four crossed the Pacific, found the platinum under the rock—and sold it for \$7100.

You never can tell what time will do to values, up or down.

SAFETY IN INDUSTRY

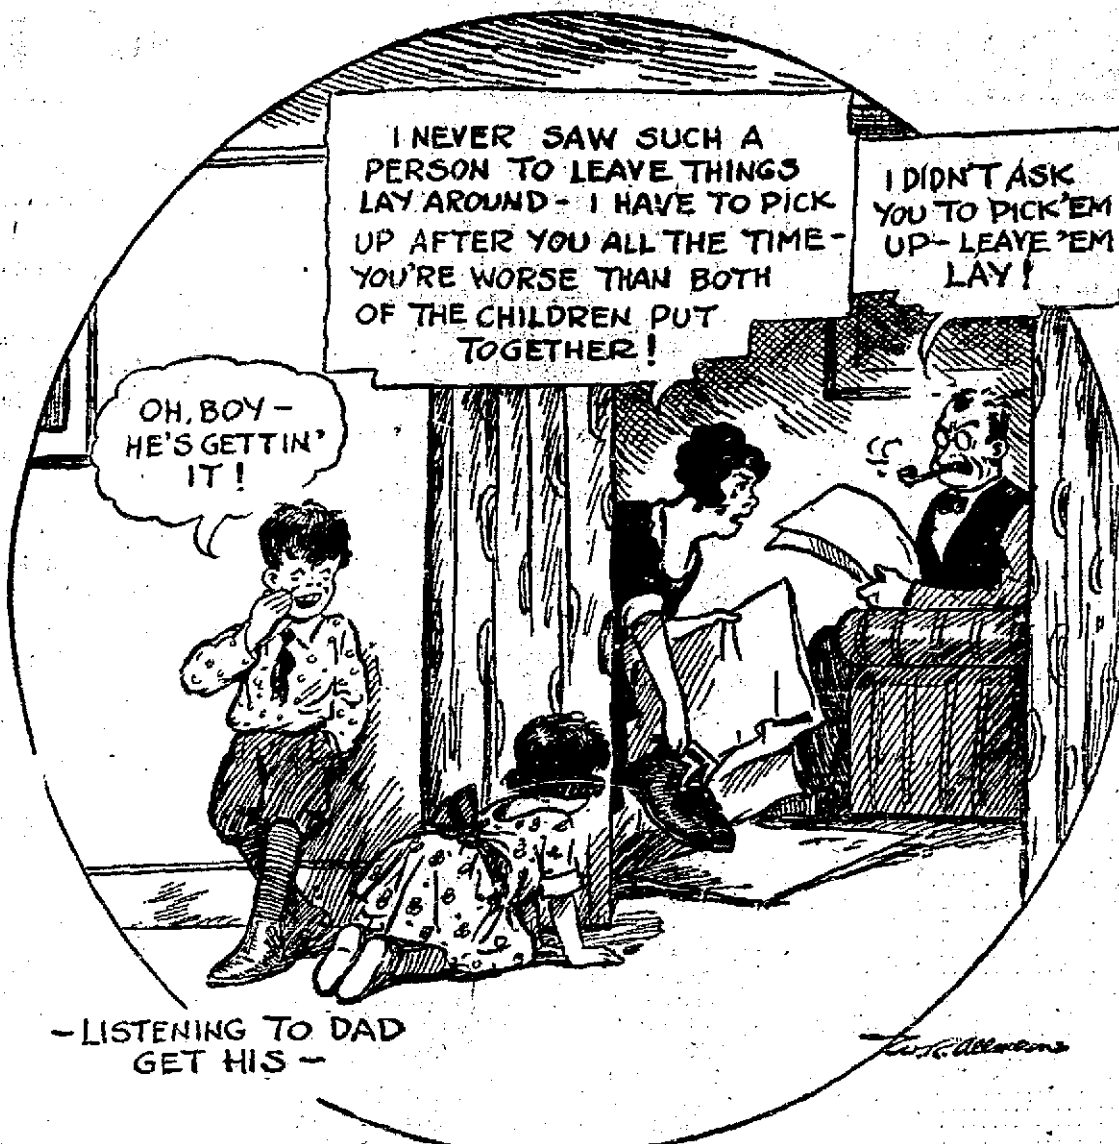

NINE years ago, 45 out of every 100 men who worked in steel mills were injured or maimed for life. The 45 has been cut down to 5, says J. B. Ayres, safety engineer of the National Tube Co.

That is the result of Safety First campaigns.

Automobile accidents could be reduced correspondingly by the exercise of personal caution and the first rudiments of common sense.

BREAK COLDS - With Turpentine

Break that cold QUICK! Don't snuffle—don't go around with a tight chest—don't cough—don't rack your whole body. Turpentine breaks colds as if by magic. Penetrates down deep and drives cold right out!

New discovery, Turpo, combines all of Turpentine's mysterious healing powers with other wonderful healing agents. Has this amazing penetrating healing power—when you rub it on your chest or throat it is absorbed so quickly and thoroughly that a faint scent of Turpentine can actually be noticed on your breath!

Turpo does not burn, blister, irritate or stain—Is not crumbly or sticky! The Turpo tonight—in the morning the cold is broken up. Turpo also quickly stops bronchitis, chest-rheumatism, lumbago, catarrh and neuralgia. Instantly acts in relief of headache, tooth aches, ear aches, sprains and aches. Relieves cough and sore throat in almost no time!

BREAK COLDS QUICK with Turpo—the Turpentine Ointment containing those other old reliable, Menthol and Camphor. Ask any druggist for Turpo—30c and 60c a jar.—Adv.

TURPO THE TURPENTINE OINTMENT

SYMPTOMS WOMEN DREAD

Mrs. Wilson's Letter Should Be Read by All Women

Clearfield, Pa.—"After my last child was born last September I was unable to do all of my own work. I had severe pains in my left side every month and had fever and chills and was unable to get on my feet during my periods, which lasted two weeks. I heard of Lydia E. Pinkham's Vegetable Compound and thought I would give it a trial. I have been very glad that I did, for now I feel much stronger and do all of my work. I tell my friends when they ask me what helped me, and they think it must be a grand medicine. And it is. You can use this letter for a testimonial if you wish." Mrs. HARRY A. WILSON, R. F. D. 5, Clearfield, Pa.

The experience and testimony of such women as Mrs. Wilson prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound will correct such troubles by removing the cause and restoring the system to a healthy normal condition. When such symptoms develop as backaches, bearing-down pains, displacements, nervousness and the blues—a woman cannot act too promptly in trying Lydia E. Pinkham's Vegetable Compound if she values her future comfort and happiness.

It is a trial. I have been very glad that I did, for now I feel much stronger and do all of my work. I tell my friends when they ask me what helped me, and they think it must be a grand medicine. And it is. You can use this letter for a testimonial if you wish." Mrs. HARRY A. WILSON, R. F. D. 5, Clearfield, Pa.

PARABLE OF A BIG BLACK DOG

(BY DR. WM. E. BARTON)

There was a man whose name was Schneider. And he came forth from Germany, and dwelt upon a farm. And he had a Great Big Vicious Black Dog. And the custom of the Dog was to run out into the Road and bark furiously at everything that passed by.

And he frightened horses, so that they sometimes became unmanageable. And he frightened women, so that the wives of farmers drove to town by other roads. And he frightened children who went by to school. Now, I dwell not in that place, but I journeyed there for three years. And I heard many folks complain and say that the thing had become unbearable.

And I went away unto College, and was gone Three Years. And I returned and spent a week of my Vacation in that place. And each evening I borrowed a Horse and Buggy, and I went for a Drive. And each evening I drove with some one else, and I had diverse friends in that place.

And one night as we drove we went by the farm of Schneider, and his Dog rushed forth at us. And the horse was frightened.

At I spoke in my wrath unto the damsel that sat beside me, saying, "Hath 'is Infamous Dog been permitted to live yet these added three years?"

And she said, Yea, and he groweth worse as he groweth older.

And the next evening I started forth as soon as the sun went down, and drove past the farm of Schneider. And there lay something beside me on the seat of the Buggy. And as yet I was alone.

And I came to the farm of Schneider in the twilight, but it was light enough for my purposes.

And the Dog rushed out at the head of mine horse, and leaped up as if he would bite mine horse's head. And when the horse went faster, then did the Dog run beside my Buggy, and he leaped up as if he were between the wheels. And his great red mouth was open.

And I held the reins in my left hand. And I pointed my right hand

and that which I held therein straight down the open throat of the Dog.

And I shot once, for once was Plenty.

TRIBUTE PAID TO YANK FIGHTERS

Toledo Speaker Heard in Final Armistice Day Event

Stephen K. Mahon of Toledo gave a stirring message at the Armistice Day mass meeting Friday evening at Memorial Hall, the closing event of Armistice Day observance in this city.

He said we are being tested as individuals and as a nation today; that it is hard for us to think in world terms, but we ought to think in world terms.

The high idealism of the war period has not remained with us. We now need a war against war, he said.

"There are three kinds of service—unconscious service, conscious but unwilling service and conscious and willing service," Mahon said. "If we are to measure up to our great opportunity and the challenge of the hour we must have the spirit of service. It is a great thing to find your reward just in the joy of service rendered."

This was true of Edison. He works for days in his laboratories without let-up, but is very happy in the thought of the service that he is rendering to ease the burdens of the world.

A noted Englishman who saw the first contingent of Americans march thru London said: "I have seen the soul of the American Sammy and the world is safe."

Mahon spoke of the burial of the unknown soldier in Westminster Abbey, under the Arch of Triumph in Paris and in the Arlington cemetery. He said that no sacrifice is ever made in vain. These men died, leaving their lives as an example and a memorial.

"The difference in the type of lives that we live depends upon the plans that they are building from. In talking with a prominent architect recently he said that there was not very much building going on now, but that he had many blueprints that were ready for use. We have all greater possibilities within us than we have ever attained. We need to release the blueprints. Immediately after the war we heard a good deal about building a new world. Three years have passed and blueprints have not been released," Mahon said.

The speaker described the Lewisite gas which has been prepared at the Northwestern University by Prof. Lewis. A shipment of this deadly gas was half way across the Atlantic when the Armistice was signed. This was the most deadly gas that was ever invented. The speaker stated that if there was another war it would be more terrible than anything we have ever conceived.

"War is a disease," the speaker said. "The only way to cure it is to remove the cause. If we sow large armies and battlefields we will reap war. We now know the futility of slavery and the futility of monarchy."

"Without a vision, the people perish. We must have a divine ideal and a Christian character if the nations are to deal with each other on a righteous basis. God himself must be in our heart and thought. There is a great need for the release of righteous leadership at this hour."

The speaker paid a great tribute to the American as a fighter, showing that while we are not a militaristic nation, we made a great record when we faced the necessity. "This was made possible because of the ideals of the American people."

Colonel John A. Harlley introduced the speaker. The Elks male chorus gave several selections under the leadership of Fred Calvert.

ACTUAL BANK STATEMENT
NEW YORK—The actual condition of clearing house banks and trust companies for the week shows that they hold \$35,123,750 reserve in excess of legal requirements. This is an increase of \$22,161,800 for the last week.

FRECKLES AND HIS FRIENDS—DANGEROUS COMPANION—

EVER HEAR OF BETTY JANE? GIVE HER CREDIT FOR NEBRASKA'S MODEL HOMES!

MISS STELLA MATHER

OMAHA, Neb. — (By NEA Service) — Bringing modern housekeeping methods, more rest hours and better health to 2500 Nebraska farm women is the daily job of Miss Stella Mather, home demonstration leader of the University of Nebraska.

But she couldn't do a thing without the assistance of Betty Jane. Betty's a dummy dress model. There are \$75 of her at work in Nebraska today.

Miss Mather has devised a way of making a cheap and practical dress model by pasting gummed paper on old fashioned chemise. Then—

but let Miss Mather tell it: BETTY PAYS THE WAY.

"When we started our work farm women thought the university was high brow and wouldn't have anything to do with it," she says. "But Betty Jane prepared the way for us."

"We start our work in a community by putting on a dress form demonstration. Farm women are struck by the cheapness and practicability of the form. They all want one. 'But we won't give them away. We make the women work for them. For the making a single dress form we make one woman act as model while five others work on her. And there's a study group right there! 'After the dress forms have been

finished, we can introduce more things. We take up short cuts in sewing, use of sewing machine attachments and labor-saving devices. 'Then comes millinery and interior decoration. Finally we're teaching the farm women household business—bookkeeping and keeping checking accounts.

HEALTH CONSERVATION
"It's only a step then to induce the women to take up our health conservation program, including sanitation, better care of children and even instruction in pre-natal care."

"So now five home demonstration experts in health and hygiene, foods, clothing, millinery and home management are traveling around Nebraska under Miss Mather's management."

Branch, Middlings and Mixed Feed at City Feed Store, Main 1491.

GROUNDWIRE TIES UP ELECTRIC LINE TRAFFIC

All city and interurban cars north of Wayne-st were tied up shortly prior to 9 a. m. Saturday when a grounded line created a short circuit at the Elizabeth-st power house.

Operation of cars was resumed before 9:30 o'clock. F. A. Bundy, city lines superintendent, announced. A number of cars were held up, including Fort Wayne and Toledo interurbans, two reit cars and city cars on N. Main and Grand-av lines. Cars on other lines in the city were not affected.

Friday's snow was of but little hindrance to service, Bundy stated.

TWO LIMA MEN MEMBERS OHIO SOCIETY, NEW YORK

The Ohio Society of New York, essentially an Ohio organization, proposes conferring signal honor upon a Lima resident, John A. Galvin, president of the Ohio Steel Foundry company; also upon a former citizen of the city, James B. Fletcher, by including them as members of the society.

The Ohio Society of New York is composed of prominent present and past residents of Ohio. None other are eligible. A tablet to be erected by the society and placed in the Cleveland postoffice, will be on display at the next meeting, scheduled for the Waldorf-Astoria hotel, New York, November 14.

AMMUNITION TRAIN OFFICERS SERVE MEN IN ANNUAL REUNION

Being an officer during the war was not stuff, according to Judge Emmett J. Jackson but not so much fun when attending a regimental reunion.

He reports that at the reunion of the 308th Ammunition Train, held in Cleveland Friday, former officers of the regiment who were present were assigned to the task of serving

SON OF FORMER LIMA PEOPLE TAKEN IN DEATH

Carroll William Mowery, 16, son of Mr. and Mrs. Harvey R. Mowery, died in a sanitarium at Dearborn, Mich., Wednesday. He has been an invalid for a number of years.

The family formerly resided on N. Jefferson-st and the husband and father was employed at the Lima Locomotive works. At present, he is a patient in a sanitarium. Mrs. Mowery and her two surviving children, Mrs. George Shaffer and Miss Alfreda Mowery, reside in Detroit.

The body was accompanied to Lima Saturday morning, and taken to the home of William Rathbun, 15 Findlay-st. Funeral services will be held Monday at 10 a. m. at the Rathbun home. The Rev. W. C. Spayde, pastor of Bethany Lutheran church, will officiate. Interment will be in Woodlawn.

Children Cry for Fletcher's Castoria.

What is Castoria

CASTORIA is a harmless substitute for Castor Oil, Paregoric, Drope and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of J. C. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-Good" are but Experiments that trifle with and endanger the health of Infants and Children. Experience against Experiment.

GENUINE CASTORIA always bears the signature of *Charles H. Fletcher*

Children Cry for Fletcher's Castoria.

YOUTH TRIO COME TO GRIEF IN JOY RIDE

A joyride in an appropriated five-year ender disastrously Friday night when three boys who had taken the machine from a garage in the rear of the residence of J. D. Mull, 558 Greenlawn-av, wrecked the car near Lincoln park.

Mull found his car missing Saturday and reported to the police. His description tallied with that of the wrecked auto. In turning a corner, opposite the fire station, the car skidded and went into the curb. One wheel was smashed.

JACOBS FUNERAL

Funeral services for Samuel Jacobs, 80, will be held from Salem church, east of Westminster, on the Bellefontaine-av, Sunday at 1:30 p. m. Rev. O. P. Halgoua pastor of the Brethren church, Lima, will officiate.

ADVICE FOR WOMEN WHO SUFFER
Advise every woman who suffers with kidney trouble to try Foley Kidney Pills, writes Mrs. Besse Brawner, 2522 Scoville Ave., Cleveland, O. "I could not do my housework but after taking Foley Kidney Pills I feel like a new woman and am able to do my work." Rheumatism, pains, swollen ankles, backache, stiff joints, sore muscles and sleep disturbing bladder ailments indicate disordered kidneys. Foley Kidney Pills act promptly. —Chas. J. Forkamp, Main and McKibben-sts., Adv.
